

DO IT YOURSELF

Make a plant jar from an empty Nutella® jar

Easy

WHAT IS NEEDED

1 empty Nutella[®] jar
Pebbles
Potting soil
Plants

METHOD

Fill the jar with pebbles to a depth of approximately 2 cm. This will prevent your jar from becoming waterlogged.

Fill the jar with potting soil, up to the top third.

Arrange the plants in the jar and fill with soil up to the rim. Gently press the soil down and add water.

Tip: Make sure that no water is left standing in the jar.
