

Nutellarium

Easy

WHAT IS NEEDED

1 clean, empty Nutella® jar with lid

Strings

Clay balls

Potting soil

Small white pebbles

A small plant

Spoon

Label with eyelet

METHOD

1

Place a layer of clay balls at the bottom of the jar

**2**

Place potting soil with the spoon until half of the jar is full.

3

Dig a little hole and insert the plant so that it is fit snugly. Add a few small white pebbles.

4

Wrap the string on the top of the jar and make a simple knot. Pass the tag through the string, tie a knot and cut off any excess string. Water the plant a little by spraying some water.

And it's ready!
