

DO IT YOURSELF

Your DIY beauty spa in a Nutella® jar

Easy

WHAT IS NEEDED

1 empty Nutella® jar with lid

Craft glue

Scissors

Hole punch

Coloured card

Sticker designs

Ribbon

Plus whatever pampering beauty treats you'd like to give someone!

Tip:

You can buy ready-made stickers, or you can use one of our designs and stick them onto the tag.

METHOD

1

Cut out a circle from the coloured card and stick your design onto it. If you don't have any stickers on hand, print a design from one of our tag templates. You'll find all the designs and templates in our download area.

2

Now punch a hole through the edge and tie a piece of thin ribbon through it: your tag is finished!

3

Fill the jar with mini cosmetics or beauty products.
Give free rein to your imagination!

4

Just tie on the ribbon and the tag, and it's done!
