

DO IT YOURSELF

Theme party glasses with empty Nutella® jars

Medium

WHAT IS NEEDED

Empty Nutella® jars with lids

Hot glue gun

11 mm eyelets and eyelet tool (set)

Hammer

Cutter / scissors

Coloured felt

Plain or 3D stickers

Tip: You can buy ready-made stickers, or you can use one of our designs.

3

Now use a hot glue gun to glue the felt strips around the middle of the jar. Attach your design to the front of the jar in the same way.

Tip: You can also attach small 3D motifs or letters on your felt strips, so each guest will recognise their own jar. Give free rein to your imagination!

4

Screw the lids onto the jars. All done! Now you're ready for your guests!

Tip: If you want to reuse your jars for your next party, carefully separate the paper templates. Wash the jars by hand. The felt can safely be placed in water. Dab the felt gently so it will dry quicker. You can print out the templates again at any time and attach them to dry felt.
