# Create a DIY wall garden with Nutella® jars

Hard

## WHAT IS NEEDED

1 empty Nutella® jar

Wooden board (33-35 cm high, 18 cm wide)

Wood paint

Paper to cover work surface

Brush

1 hook

2 wall mounts

Hammer

2 screws for the hooks

Screwdriver

50 cm wire

Pliers

2 nails for wall mounting

Spring flowers

## METHOD

- 1 | Paint the wooden board in a colour of your choice and leave to dry thoroughly.

- 2 | Use the hammer to fix two Wall mounts to the back of the board.

- 3 | Screw the hook into the middle of the board. Leave about 4 cm from the top of the board. Mark the centre of the board and screw the hook 4 cm from the top edge.

**4**

Cut two pieces of wire of equal length (approx. 25 cm). Shape one piece of wire into a handle, and fix it to the other piece.

**5**

Attach the handle to the neck of the jar, and twist into place. Make sure that the wire is closely bound to the edge of the jar and fixed securely so the jar won't slip.

**6**

Hang your jar onto the hook and mount your wall garden onto nails on the wall. Fill with spring flowers. All done!
