WHAT IS NEEDED

An empty Nutella® jar with a lid

Disposable spoons

cutter

scissors

two-tone green EVA (Ethylene-Vinyl Acetate) sheet

hot or plastic glue

paint or yellow spray

grilanda or flashlight

METHOD

- 1 | Cut the spoons (without the handles) for the bottom base row and paste them side by side such that the wide part faces downwards
- 2 | Cut the spoons(for the rest of the jar - except for the last row) while leaving 1 cm of the handles, and paste them such that the lean part faces downwards (each spoon will be placed between the 2 spoons located at the row below it)
- 3 | For the last row, cut the spoons without the handles (like the first row) and paste such that the lean part faces downwards-
- 4 | Paint the jar using paint/yellow spray until it is fully dry
- 5 | Mark the green EVA sheet using the lid, according to its round shape, and cut it
- 6 | Cut the green EVA sheet according to the lid's circumference, cut it in zigzag form in order to obtain the leaves
- 7 | Paste the circular EVA sheet and afterwards the green leaves
- 8 | Insert the flash light/grilanda into the jar
