**Avec cette délicieuse
recette, il suffit de 15 g de
Nutella[®] par personne
pour se régaler !**

METHOD

**1**

Start by turning on your oven and setting it to 180°C, static.

While you wait for the oven to heat up, beat the egg (no need to whisk it), sugar and vanilla bean content into a bowl.

Add the oil to the mix. For the best consistency, try adding it gradually while blending.

**2**

Add the yogurt and continue blending.

Now you are ready to add the flour and the yeast.

To avoid forming clumps, add it gradually while whisking.

Almost done! Pour the mixture into your muffin pan.

Stop 1 cm below the edge: the muffins will rise naturally during baking creating nice, rounded tops.

**3**

Bake the muffins for about 20 minutes.

Wait for the muffins to cool down. Then, add a delicious touch of Nutella® (one heaped tsp/15g per muffin) on each muffin and decorate freely

Enjoy!
