

**DO IT YOURSELF** 

## Create your DIY money jar from an empty Nutella<sup>®</sup> jar

Medium

## WHAT IS NEEDED

1 empty Nutella<sup>®</sup> jar with lid
Green spray paint
Sticker with football designs
Cutter / craft knife
White paint pen or chalk pen

## **METHOD**

Carefully spray the jar green and leave to dry thoroughly. You can add a second coat if necessary.

**Tip:** Carefully read the spray instructions on the canister, as each type of colour behaves differently on glass. Don't forget to cover your work surface.

Cut a slit in the lid using your cutter or craft knife (the slot of the money box). It should be 3-4 cm long and only a few millimetres wide. Now you can screw the lid on again.

Draw a football pitch on the green surface and decorate with the football stickers. All done!
