

DO IT YOURSELF

Frame your photos with Nutella® jar caps

Easy

WHAT IS NEEDED

Several Nutella® jar lids

Magnets (available in well-stocked craft shops)

Marker pen

Hot glue gun or craft glue

Scissors

Favourite photos

METHOD

1

Cut your favourite photos into a circle shape. For large Nutella® lids, the pictures should have an 8 cm diameter; for the small lids, 7.4 cm. You'll find the templates on our website, in our download area.

2

Now stick your favourite photo into the lid and wait for it to dry. Then stick the magnet to the middle of the back of the lid. Leave it to dry.

3

Now all you have to do is to find a good place to stick your magnetic photo frame.
Finished!
