

DO IT YOURSELF

How to make a wonderful jar of flowers with Nutella®

Medium

WHAT IS NEEDED

1 empty Nutella® jar

White spray paint (or another colour of your choice)

Adhesive letters

Felt (27 cm long, 2 cm wide)

Hot glue gun

3

When the paint is completely dry, carefully remove each letter. If they stick around the edges, you can carefully use a small craft knife to release them.

4

Now use the hot glue to stick the felt strips to the top of the jar and decorate as you like. Ribbon, tape and felt cord are all great for this. All done!
