INGREDIENTS

for 16 portions

15 egg yolks

4 eggs

400g granulated sugar

100g (potato or corn) starch

300g flour

100g melted butter

a pinch of salt

1 vanilla pod

icing sugar to decorate

240g Nutella®

METHOD

1

Split the vanilla pod **lengthwise** with a knife and scrape out the seeds with a teaspoon.

Beat egg yolks, whole eggs, granulated sugar, salt and vanilla seeds together.

2

In a separate bowl, sift together the flour and the starch and delicately add to the eggs and sugar mixture.

3

Lastly add the melted butter in a steady stream into the mixture.

- 4** | Preheat the oven to 180°C (355°F).
Pour the batter in 2 oven trays lined with parchment paper and cook for 25 minutes (or until a toothpick inserted in the middle of the cake comes out clean).
Remove from the oven and let it cool down.
- 5** | With a knife, trim the external crust from the cake.
Using different sizes of star cookie cutter, cut 4 stars to make the 4 layers of the Christmas tree. Repeat with the remaining cake.
- 6** | Spread each star with Nutella[®] to stick the 4 stars together. Repeat with the remaining stars. Use 30g of Nutella in total for each tree.
Sprinkle with icing sugar and decorate the trees points with some dots of Nutella[®]

Et voilà!
