How to make a pen holder from an empty Nutella[®] jar

Easy

WHAT IS NEEDED

1 empty Nutella[®] jar
Spray paint
Self-adhesive lace tape
Double-sided adhesive tape
Cord or string
Scissors
Pens

METHOD

Spray the jar in the colour of your choice.

To make sure the cord stays firmly in place, wrap some double sided adhesive tape around the threaded neck of the jar.

Now you can wrap your chosen cord or string over the adhesive tape.

Stick the lace tape around the jar. You can vary the position and number of rows of tape as you prefer.

Now, simply fill your jar with pens. All done!
