

DO IT YOURSELF

# Create your DIY money jar from an empty Nutella<sup>®</sup> jar

Medium

## WHAT IS NEEDED

- 1 empty Nutella<sup>®</sup> jar with lid
- Green spray paint
- Sticker with football designs
- Cutter / craft knife
- White paint pen or chalk pen

## METHOD

1

Carefully spray the jar green and leave to dry thoroughly. You can add a second coat if necessary.

**Tip:** Carefully read the spray instructions on the canister, as each type of colour behaves differently on glass. Don't forget to cover your work surface.

2

Cut a slit in the lid using your cutter or craft knife (the slot of the money box). It should be 3-4 cm long and only a few millimetres wide. Now you can screw the lid on again.

**3**

Draw a football pitch on the green surface and decorate with the football stickers. All done!
